

Hi Neighbor!

We live nearby and would like to offer our assistance to our elderly and medically fragile neighbors at this time.

We aren't visiting with anyone outside of our family, but we are making occasional trips to the store. We'd be happy to pick up groceries, medications, etc. and drop them at your door for you if you need them.

We can be reached at:

or \_\_\_\_\_

**We're all in this together.**

Please contact us if you need anything.

Warmly,
